COMMENTS FROM THE TOWN MANAGER'S OFFICE

I have talked with a few people in town about the removal of pollution from the Androscoggin River. There are more people interested in the problem of cleaning up the river than I had expected. This is a good sign because it is a project that will entail a very large expense for the town. Everyone that I have talked with agrees that the river should be cleaned up. Some people feel that it should be cleaned up in the very near future. Others feel that it should be stretched over a long period of time. I feel that it should be done as soon as possible within the financial means of the town. Of course it wouldn't do Bethel any good to put in a large sewage treatment plant if the towns and industries above Bethel didn't have similar facilities. This might give Bethel a little time to prepare.

It has been brought to my attention that some of the individuals plowing driveways in past years have left a lot of snow in the street. This year the ones plowing driveways will have to leave the street as free of snow as it was when they started.

The sidewalks will be plowed by Arlan Jodrey under the same agreement as last year. The town doesn't have any equipment for plowing sidewalks and it seems to be less expensive to hire someone to do the plowing.

Michael Houlihan

The MEC will meet at 6:30 Wednesday evening, Dec. 12, at the home of Mrs. Maude Hunt. A pot luck supper will be followed by a Christmas party and gift exchange. Each member is to bring a Christmas poem or reading.

The American Legion Auxiliary met Tuesday evening, Nov. 27 with seven members, five officers and one guest present. After the business meeting the monthly birthday cake and coffee were served. The mystery package was won by Selma Chapman. The next meeting will be December 11.

CARL MERRILL STARTING PROJECT AT OGUNQUIT

Of interest to local people is the enterprise started this month at Ogunquit by Carl Merrill, formerly of Bethel. He has leased a section of the Professional Building on Route 1 where he will install a complete "laundromat" equipment, including 10 washers and four dryers. The business has been named the "Ogunquit Wash-basket."

Mr. Merrill is industrial arts teacher and track coach at Wells High School, where he has been since graduating from Gorham State Teachers College in 1960. He is married to the former Barbara Jodrey, also of Bethel. They have two daughters, Lorna 7 and Martha 6 months, and a son, Scott, four years old.

The Five Town Teachers Club met Dec. 3 at Crescent Park School. This was the annual Christmas party. A delicious dinner was served followed by the business meeting. Rather than the usual exchange of gifts, the club members gave donations to CARE.

Winter Sports Area Promotion Discussed at C. of C. Meeting

Thirty-eight members of the Bethel Chamber of Commerce enjoyed the enthusiastic presentation given by A. C. Bolduc, president of the Sugarloaf Area Associates, Tuesday evening at the Sudbury Inn.

He explained the purposes of such an area association, which is basically to promote the area to people of metropolitan centers through advertising media, by the active participation and financial support of local businesses, which directly or indirectly enjoy the flow of income which results from the ski business.

Mr. Bolduc outlined the pitfalls and eventual success of the growth of the Sugarloaf organization, proving to the local group the excellent results which may be obtained

by organizing on the same basis. It was evident by the remarks of the members as they left the meeting that it is a project which a local group should tackle with enthusiasm.

He suggested that the local group set their first year goal at \$1,000. Members of the group were invited to sit in on the next meeting at Sugarloaf and some indicated an interest in traveling to the area to see their successful operation.

A slate of officers for 1963 was presented to the Chamber members by the nominating committee, to be voted on at the January meeting. These nominated were: Clifford Laws, president; Norman Greig, vice-president; Erlon Paine, secretary; Ranald Stevens, treasurer.

JERRY SMITH TO BE SKI INSTRUCTOR, MT. ABRAM

Jerry Smith of Bethel will be the new ski instructor at Mt. Abram Ski Slopes. Jerry, who replaces Ken Lasseter, of Huntsville, Ont., realizes he has to exercise his talents and ability to the utmost in order to maintain the "status quo" established by Lasseter.

Jerry is a young man of 22. His family census include his wife Jane and offsprings Betsy age 4, Jerry Scott age two and little Andy age one. This Smith family now resides in Bethel.

Jerry was a member of the ski team while attending Gould Academy. Throughout his four years there he was classified as a "Four Event" man.

During his senior year he was a member of the Junior National Ski Team that went to Reno, Nev., and Squaw Valley. At Nevada, Jerry served as Captain of the Junior Nordic Team for the U. S. E. A.

To keep abreast with the latest techniques and to refresh himself before the onslaught of the coming season, Jerry plans to attend the Paul Valar Ski Instructors School at Franconia, New Hampshire. As soon as that course is completed, Jerry will then apply for certification from U. S. E. A. Ski Association.

Lesson arrangements will be made for the convenience of the skiing mothers and Jerry believes he will also give some special instructions to the really young in heart, the four year olds.

MT. ABRAM SKI SLOPES READY FOR SEASON

With another successful winter season behind them the Cross Bros., owners and managers of Mt. Abram, are once again viewing the coming season optimistically. Management at Mt. Abram was commended time and again for maintaining good to excellent skiing conditions throughout last season. The ski enthusiasts enjoyed one hundred and nine (109) days of skiing the trails at the Ski Slope. Also last year Mt. Abram was the second ski area to open early within the State of Maine.

The Cross Bros. regret the fact that Ker Lasseter, the ski instructor of previous seasons, will be unable to return to Mt. Abram. Mr. Lasseter had to go back to Canada due to family obligations and responsibilities caused by the death of his mother. However the Cross Bros. have secured the services of Jerry Smith of Bethel who was prominent in the skiing world during his days at Gould Academy.

Improvements at the area for the coming season include the re-routing of one trail near the top of the mountain which was sometimes plagued with icy conditions due to the wind; also the parking lot was enlarged and re-surfaced with gravel to prevent muddy conditions when the spring thaws arrive. Immediate preparations are

NEW ENTERPRISES IN LOCKE MILLS AS RESULT OF "SKIING ATMOSPHERE"

Skilog, a sports shop owned and managed by Mr. and Mrs. Dick Melville and brother, Gary Melville, will have its official opening on Dec. 15th at one p. m. They will serve coffee and a gift certificate will be awarded to the first five purchasers.

This shop is located on the Greenwood Road in Locke Mills not far from the approach road to Mt. Abram. It can be seen a short distance away from the railroad station in Locke Mills. The building which houses the shop is a "log cabin" styled structure creating a "rustic alpine" atmosphere.

The Melvilles plan to sell ski togs for the entire family; metal and wood skis; Bavarian Munari boots, after-ski boots from France; gloves, mittens and other accessories; plus aluminum and steel poles. They will also mount bindings and do minor repairs.

Desire to operate such a shop developed from their interest in skiing. Most week ends during the past couple of years would find the Melville schussing merrily down the local slopes.

"Alder Acre" is the newest project of Les and Cathy Bickford of Locke Mills. They have constructed near the approach road to Mt. Abram Ski Slopes, a large "A" framed cottage which will be available to rent or for sale.

The dimensions of this "A" frame is thirty-two feet by eighteen. It is a fully insulated building with central heating, modern facilities, and will be roomy enough to sleep six or more.

The Bickfords plan to furnish and equip it for light housekeeping. The fortunate tenants will only need to bring food supplies and bed linen; and of course their skis!

The success of this first construction will determine the possibility of a series of four other "A" frames.

being done by the management awaiting the first adequate snowfall. T-Bars are being attached to the cables and tested. The Cross Bros. are repairing and checking equipment, such as the rollers used for packing the snow.

The ski patrol headed by Guy Parker Jr. has been holding First Aid Classes regularly each week at the lodge. They have been working out schedules and other plans keeping in mind that "An Ounce of Prevention is Worth a Pound of Cure."

20 SECONDS with the NAZARENE

Our Christmas mail is nothing new, and even the postman is mentioned in the Bible: "The posts went with the letters."

Jeremiah asked: "Is there any word from the Lord?" The divine answer came years later and is recorded in John's Gospel: "The Word became flesh and dwelt among us!" Christianity is not simply an idea or emotion, it is grounded in our experience with Christ, the Son of God.

OXFORD-FRANKLIN CO. PETROLEUM COM. MET AT RUMFORD, NOV. 26

In Maine, during 1961, special state and federal automotive taxes averaged \$187.51 per registered vehicle, an amount exceeded by only two other states in the union and \$17.92 per vehicle higher than the national average of \$139.59," Leroy T. Snowdon, executive secretary of the Maine Petroleum Association, Augusta, told the members of the Oxford-Franklin County Petroleum Council at a meeting held Monday evening, Nov. 26, at the Hotel Rumford in Rumford.

Figures recently released by the United States Bureau of Public Roads indicate that Maine also stands third in the amount of fuel taxes paid per vehicle, Snowdon stated. "The 1961 figure for Maine," he said, "was \$63.43 per vehicle as compared to a national average of \$47.57."

"The ever-increasing tax burden is having a depressing effect on consumption," Snowdon charged, noting that since the last increase in the federal gasoline tax, which brought the total tax in Maine to 11 cents a gallon, the average annual increase in gasoline use in Maine has been 1.1 per cent compared with an average annual increase of 4.2 percent in the preceding ten-year period.

HOW TO CUT HEAT COSTS

6 tips that can help you get more warmth from your heating oil dollars

1. Keep your oil burner clean. Today's Shell Heating Oil contains special additive FOA-5X. It helps keep critical burner passages free from clogging—to assure better firing.

2. Guard against tank rust. Shell Sontor® anti-rust treatment helps protect your storage tank up to three full years, at no extra cost.

3. Check your thermostat location. If your thermostat is in a stairwell,

on an outside wall or near an outside entrance—it may cause your burner to operate more often than necessary.

4. Shut off radiators or registers in rooms that aren't in regular use.

5. When fireplaces are not in use, make sure dampers are securely shut.

6. Keep attic ventilators closed during the heating season.

SO THEY SAY...

"The ideal would be for each eligible citizen to contribute the same amount to political parties. If each of the nation's 100 million citizens contributed just \$1, for example, the campaign bills would be paid. But the ideal is far from the reality. About 92 percent didn't give any political party any financial support."—The Communicator, publication of Western Electric Co., N. Andover, Mass.

"It's a mistake to believe that Uncle Sam can open his pocket book and let you keep yours closed."—Man at the Wheel, publication of Gorton's of Gloucester.
